

BOC GASGEN SUBPLATE

BA073 Sub Plate

Sub Plate Assembly supplied by BSL Gas Technologies Limited for use in the Gasgen Mk4 Nitrogen Generator.

This sub plate is available in three basic types

- BSL Code BA073 - Calibrated to supply mixed gas at 30% and 50% CO₂
- BSL Code BA074 - Calibrated to supply mixed gas at 30% and 60% CO₂
- BSL Code BA075 - Calibrated to supply mixed gas at 55% and 75% CO₂

The sub plate is mounted internally in the BOC Gasgen Panel. The unit includes inlet and outlet regulators and a pre calibrated gas mixing valve.

The sub plate is manufactured in zintec with a gloss white finish.
